

National Conference on Environmental and Industrial Biotechnology (NCEIB-2022)

November 10-12, 2022

In Association with

IMPORTANT DATES

| | |
|----------------------------|----------------|
| Abstract Submission Opens | 10 June 2022 |
| Abstract Submission Closes | 15 August 2022 |
| Acceptance Notification | 30 August 2022 |
| Registration Opens | 1 July 2022 |

CONFERENCE HIGHLIGHTS

CHIEF PATRON

Prof. Pradeep Kumar Mishra
Vice Chancellor,
APJ Abdul Kalam Technical University
Lucknow

PATRON

Prof. Rachna Asthana
Director,
Dr. Ambedkar Institute of
Technology for Handicapped
Kanpur

CONFERENCE CHAIR

Prof. Ashok Pandey
Distinguished Scientist
Centre for Innovation & Translational Research
CSIR IITR, Lucknow

CONVENER

Dr. Manish Singh Rajput
Head, Deptt. of Biotechnology
Dr. Ambedkar Institute of
Technology for Handicapped,
Kanpur

National Conference on Environmental and Industrial Biotechnology (NCEIB-2022)

10-12 November, 2022

The Department of Biotechnology, Dr. Ambedkar Institute of Technology for Handicapped, Kanpur, Uttar Pradesh is organizing an AICTE sponsored National Conference on Environmental and Industrial Biotechnology (NCEIB-2022) from 10-12 November 2022. The conference is proposed with an objective to bring together leading experts, academicians, scientists, research scholars and students to discuss and exchange information on the latest progress and breakthroughs in the ever expanding field of environmental and industrial biotechnology. The conference aims to establish a broad networking of the experts and scholars involved in outstanding research activities. This conference will help the participants to put forth their research initiatives and mark their speed towards their industrialization. The conference will have invited talks and contributory poster and oral presentations. Awards for poster and oral presentations sponsored by Centre for Energy and Environmental Sustainability.

Venue: Dr. Ambedkar Institute of Technology for Handicapped, Kanpur, UP.

Themes of the conference:

1. Biosensors
2. 3D Bioprinting
3. Biofuel & Renewable Energy
4. Environmental Biotechnology
5. Novel and Smart Biomaterials
6. Fermentation and Bioprocessing
7. Food and Nutritional Biotechnology.
8. Biodegradable Polymers and Bioplastics
9. Artificial Intelligence in Environment and Industrial Biotechnology
